

# Summer Transition Task

Part of the theory unit and elements of the NEA coursework are based on your knowledge of design movements and the work of designers. Over the course we will look at these in more depth.

Your Summer Transition Task is to research the design movements in the Specification (Edexcel Design and Technology GCE) to create a revision resource that will support you in the exam and the coursework.

Create a visual introduction to for the following these designers and design movements.

- Arts and Crafts – William Morris
- Art Nouveau – Charles Rennie Mackintosh
- Bauhaus Modernist – Marianne Brandt
- Art Deco – Eileen Gray
- Post Modernism – Philippe Starck
- Streamlining – Raymond Loewy
- Memphis – Ettore Sottsass.

Include influences and methods they have used to create their work.

Extension:

Pick one and design an innovative product of your choice. Annotate to fully explain the design showing clearly how your chosen designer/design movement has influenced you.
