Training, Support and Guidance

This section of our Centre Policy outlines the training, support and guidance that our centre will provide to those determining teacher assessed grades this year.

Training

This section provides details of the approach our centre will take to *training, support and guidance in determining teacher assessed grades this year.*

- Teachers involved in determining grades in our centre will attend all centre-based training to help achieve consistency and fairness to all students.
- Centre-based training will be provided by Senior Leaders and consist of training videos, summaries of publications, question and answer sessions for subject leaders and individual support from Senior Leaders as required.
- Teachers will engage fully with all training and support that has been provided by the Joint Council for Qualifications and the awarding organisations.
- Teachers and Heads of Department will be asked to certify by completion of an online form that they have engaged in and noted the contents of all relevant training and documentation.

Support for Newly Qualified Teachers and teachers less familiar with assessment

This section provides details of our approach to *training, support and guidance for newly qualified teachers and teachers less familiar with assessment.*

- We will provide mentoring from experienced teachers to NQTs and teachers less familiar with assessment. This will usually be the relevant Head of Department.
- We will put in place additional internal reviews of teacher assessed grades for NQTs and other teachers as appropriate.
- Senior Leaders will ensure that Heads of Department have worked with NQTs and any other teachers less familiar with assessment on determining teacher assessment grades.

Use of Appropriate Evidence

This section of our Centre Policy indicates how our centre will give due regard to the section in the JCQ guidance entitled: *Guidance on grading for teachers*.

Use of evidence

This section gives details in relation to our use of evidence.

- Teachers making judgements will have regard to the Ofqual Head of Centre guidance on recommended evidence, and further guidance provided by awarding organisations and will have had access to appropriate training.
- All candidate evidence used to determine teacher assessed grades, and associated documentation (in line with JCQ advice), will be retained and made available for the purposes of external quality assurance and appeals.
- Each Head of Department will make appropriate decisions on which of the following sources of evidence will be used at a subject and qualification level and record this on their individual Assessment Records:
 - Student work produced in response to additional assessment materials provided by our awarding organisation(s), including groups of questions, past papers or similar materials such as practice or sample papers (see below)
 - Relevant non-exam assessment work (often referred to as coursework), even if this has not been fully completed in subjects where this applies.
 - Student work produced in centre-devised tasks that reflect the specification, that follow the same format as awarding organisation materials, and have been marked in a way that reflects awarding organisation mark schemes.
 - Substantial class or homework (including work that took place during remote learning).
 - Internal tests taken by students over the course of study.
 - Mock exams taken over the course of study.
 - Records of a student's capability and performance over the course of study in performance-based subjects such as music, drama and PE.
- We will use Additional Assessment Materials and our own centre-devised assessment tasks:
 - as appropriate and as decided for each subject and qualification.
 - to give students the opportunity to show what they know, understand or can do in an area of content that has been taught but not yet assessed.
 - to give students an opportunity to show improvement, for example, to validate or replace an existing piece of evidence.
 - to support consistency of judgement between teachers or classes by giving everyone the same task to complete, combining or removing elements of questions where, for example, a multi-part question includes a part which focuses on an element of the specification that has not been taught.
- No one source of evidence is compulsory for any specific subjects of qualifications.
- Decisions about which sources of evidence are to be used in each subject will be reviewed by Senior Leaders to ensure they are in line with this policy, and adjustments made where necessary.
- The decisions about the evidence to be used in each subject will be based on what has been taught and what can provide the most accurate and fair source of evidence.
- Assessment Records will set out how each subject has been assessed, how the qualification's assessment objectives have been covered, and the level of control for each form of evidence.

- Assessment Records will set out any adjustments made for individual students on the range of evidence being used.
- The evidence base for each subject and qualification will be shared with students at the earliest possible stage.

We will ensure the appropriateness of evidence and balance of evidence in arriving at grades in the following ways:

- We will consider the level of control under which an assessment was completed, for example, whether the evidence was produced under high control and under supervision or at home.
- We will ensure that we are able to authenticate the work as the student's own, especially where that work was not completed within school.
- We will consider the limitations of assessing a student's performance when using assessments that have been completed more than once, or drafted and redrafted, where this is not a skill being assessed.
- We will consider the specification and assessment objective coverage of the assessment.
- We will consider the depth and breadth of knowledge, understanding and skills assessed, especially higher order skills within individual assessments.

Determining Teacher Assessed Grades

This section of our Centre Policy outlines the approach our centre will take to awarding teacher assessed grades.

Awarding teacher assessed grades based on evidence

We give details here of our centre's approach to awarding teacher assessed grades.

- Teachers will determine grades based on evidence which is commensurate with the standard at which a student is performing, i.e. their demonstrated knowledge, understanding and skills across the content of the course they have been taught.
- Teachers will record how the evidence was used to arrive at a fair and objective grade, which is free from bias.
- Teachers will ensure that they use the specific subject and qualification grade descriptors, grading exemplification and any appropriate material from the awarding bodies in determining their grades.
- Heads of Department will produce an Assessment Record template for each subject cohort and will share this with teachers for completion. Any necessary variations for individual students will also be shared.

Internal Quality Assurance

This section of our Centre Policy outlines the approach our centre will take to ensure internal standardisation of teacher assessed grades, to ensure consistency, fairness and objectivity of decisions.

Head of Centre Internal Quality Assurance and Declaration

Internal quality assurance

This section gives details of our approach to internal standardisation, within and across subject departments.

- We will ensure that all teachers involved in deriving teacher assessed grades read and understand this Centre Policy document.
- In subjects where there is more than one teacher and/or class in the department, we will ensure that our centre carries out an internal standardisation process.
- We will ensure that all teachers are provided with training and support to ensure they take a consistent approach to:
 - Arriving at teacher assessed grades
 - Marking of evidence
 - Reaching a holistic grading decision
 - Applying the use of grading support and documentation
- We will conduct internal standardisation across all grades.
- We will ensure that the Assessment Record will form the basis of internal standardisation and discussions across teachers to agree the awarding of teacher assessed grades.
- Where necessary, we will review and reflect on individual grading decisions to ensure alignment with the standards as outlined by our awarding organisation(s).
- Where appropriate, we will amend individual grade decisions to ensure alignment with the standards as outlined by our awarding organisation(s).
- Where there is only one teacher involved in marking assessments and determining grades, then the output of this activity will be reviewed by an appropriate member of staff within the centre. This will be Talvinder Bhullar, Deputy Headteacher.
- In respect of equality legislation, we will consider the range of evidence for students of different protected characteristics that are included in our internal standardisation.

Comparison of Teacher Assessed Grades to Results for Previous Cohorts

This section of our Centre Policy outlines the approach we will take to compare our teacher assessed grades in 2021 with results from previous cohorts.

Comparison of Teacher Assessed Grades to results for previous cohorts

This section gives details of our internal process to ensure a comparison of teacher assessed grades at qualification level to results for previous cohorts in our centre taking the same qualification.

- We will use our internal data systems and information on the grades awarded to our students in past June series in which exams took place (e.g. 2017 - 2019). All Heads of Department will have full access to this information, but it will not be considered before the first stage of the grading process as undertaken by individual teachers.
- We will consider the size of our cohort from year to year.
- We will consider the stability of our centre's overall grade outcomes from year to year.
- We will consider both subject and centre level variation in our outcomes during the internal quality assurance process.
- We will prepare a succinct narrative on the outcomes of the review against historic data which, in the event of significant divergence from the qualification-levels profiles attained in previous examined years, address the reasons for this divergence. This commentary will be available for subsequent review during the quality assurance process.

This section gives details of the approach our centre will follow if our initial teacher assessed grades for a qualification are viewed as overly lenient or harsh compared to results in previous years.

- We will review historical data giving appropriate regard to potential mixtures of A*-G and 9-1 grades in GCSEs. Where required, we will use the Ofqual guidance to convert legacy grades into the new 9 to 1 scale.
- We will bring together other data sources that will help to quality assure the grades we intend to award in 2021.

This section gives details of changes in our cohorts that need to be reflected in our comparisons.

- We will omit subjects that we no longer offer from the historical data.

Access Arrangements and Special Considerations

This section of our Centre Policy outlines the approach our centre will take to provide students with appropriate access arrangements and take into account mitigating circumstances in particular instances.

Reasonable adjustments and mitigating circumstances (special consideration)

This section gives details of our approach to access arrangements and mitigating circumstances (special consideration).

- Where students have agreed access arrangements or reasonable adjustments (for example a reader or scribe) we will make every effort to ensure that these arrangements are in place when assessments are being taken.
- Where an assessment has taken place without an agreed reasonable adjustment or access arrangement, we will factor this into the judgement or remove that assessment from the basket of evidence and alternative evidence obtained.
- Where illness or other personal circumstances might have affected performance in assessments used in determining a student's standard of performance, we will take account of this when making judgements where we have been appropriately notified.
- We will record, as part of the Assessment Record, how we have incorporated any necessary variations to take account of the impact of illness or personal circumstances on the performance of individual students in assessments.
- To ensure consistency in the application of Special Consideration, we will ensure all teachers have read and understood the document: [JCQ - A guide to the special consideration process, with effect from 1 September 2020](#)

Addressing Disruption / Differential Lost Learning (DLL)

Addressing Disruption / Differentiated Lost Learning (DLL)

This section gives details of our approach to address disruption or differentiated lost learning (DLL).

- Teacher assessed grades will be determined based on evidence of the content that has been taught and assessed for each student.
- Students and parents will be given the opportunity to ensure that all teachers making grading decisions are aware of any disruption or differential lost learning that should be taken into account in determining grades.

Objectivity

This section of our Centre Policy outlines the arrangements in place to ensure objectivity of decisions.

Objectivity

This section gives a summary of the arrangements in place within our centre in relation to objectivity.

Staff will fulfil their duties and responsibilities in relation to relevant equality and disability legislation.

Senior Leaders, Heads of Department and the Head of Centre will consider:

- sources of unfairness and bias (situations/contexts, difficulty, presentation and format, language, conditions for assessment, marker preconceptions);
- how to minimise bias in questions and marking and hidden forms of bias); and
- bias in teacher assessed grades.

To ensure objectivity, all staff involved in determining teacher assessed grades will be made aware that:

- unconscious bias can skew judgements;
- the evidence presented should be valued for its own merit as an indication of performance and attainment;
- teacher assessed grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics;
- unconscious bias is more likely to occur when quick opinions are formed; and

Our internal standardisation process will help to ensure that there are different perspectives to the quality assurance process.

Recording Decisions and Retention of Evidence and Data

This section of our Centre Policy outlines our arrangements to recording decisions and to retaining evidence and data.

Recording Decisions and Retention of Evidence and Data

This section outlines our approach to recording decisions and retaining evidence and data.

- We will ensure that teachers and Heads of Departments maintain records that show how the teacher assessed grades process operated, including the rationale for decisions in relation to individual marks/grades.
- We will ensure that evidence is maintained across a variety of tasks to develop a holistic view of each student's demonstrated knowledge, understanding and skills in the areas of content taught.
- We will put in place recording requirements for the various stages of the process to ensure the accurate and secure retention of the evidence used to make decisions.
- We will comply with our obligations regarding data protection legislation.
- We will ensure that the grades accurately reflect the evidence submitted.
- We will ensure that evidence is retained electronically or on paper in a secure centre-based system that can be readily shared with our awarding organisation(s).

Authenticating Evidence

Authenticating evidence

This section of our Centre Policy details the mechanisms in place to ensure that teachers are confident in the authenticity of evidence, and the process for dealing with cases where evidence is not thought to be authentic.

- Robust mechanisms, which will include reviewing all choices of evidence and considering the context / level of control in which they were set, will be in place to ensure that teachers are confident that work used as evidence is the students' own and that no inappropriate levels of support have been given to students to complete it, either within the centre or with external tutors.
- It is understood that awarding organisations will investigate instances where it appears evidence is not authentic. We will follow all guidance provided by awarding organisations to support these determinations of authenticity.

Confidentiality, Malpractice and Conflicts of Interest

Confidentiality

This section of our Centre Policy outlines the measures in place to ensure the confidentiality of the grades our centre determines, and to make students aware of the range of evidence on which those grades will be based.

Conflicts of Interest

This section of our Centre Policy outlines the measures in place to address potential conflicts of interest.

Conflicts of Interest

This section details our approach to addressing conflicts of interest, and how we will respond to such allegations.

- To protect the integrity of assessments, all staff involved in the determination of grades must declare any conflict of interest such as relationships with students to our Head of Centre for further consideration.
- Our Head of Centre will take appropriate action to manage any conflicts of interest arising with centre staff in accordance with the JCQ documents - [General Regulations for Approved Centres, 1 September 2020 to 31 August 2021](#).
- We will also carefully consider the need if to separate duties and personnel to ensure fairness in later process reviews and appeals.

Private Candidates

This section details our approach to providing and quality assuring grades to Private Candidates.

- Our arrangements for assessing Private Candidates to arrive at appropriate grades are identical to the approaches utilised for internal candidates.
- Where it has been necessary to utilise different approaches, the **JCQ Guidance on Private Candidates** has been followed and any divergences from our approach for internal candidates have been recorded on the appropriate class/student documentation.
- In undertaking the review of cohort grades in conjunction with our centre results profiles from previous examined years, the grades determined by our centre for Private Candidates have been excluded from our analysis.

External Quality Assurance

This section of our Centre Policy outlines the arrangements in place to comply with awarding organisation arrangements for External Quality Assurance of teacher assessed grades in a timely and effective way.
