July 2023

Please contact the school if you want help to read or translate this letter.

Dear Parent / Carer,

As part of the Year 11 Life Studies programme during the next academic year (from September 2023), your son / daughter will have lessons in Sex Education, in accordance with statutory guidance and in line with the school's RSHE policy and syllabus.

Sex Education is an important part of the RSHE curriculum and it is important young people are given accurate, reliable and appropriate information about relationships, sex and health. They should be equipped with the skills to make appropriate use of the range of information available to them in the wider world and on the internet, and shown how to use this to make appropriate informed choices about sex and relationships. This should happen in a supportive environment, and both at home and in school are the best places for this education to occur.

Whilst the school and specialist teachers are well placed to provide Relationships, Sex and Health Education, we acknowledge that parents are the main teachers of any young person and it is a shared responsibility between schools, parents / carers and the community. Whilst I hope that you would recognise that the provision of this programme within school provides an opportunity for us all to work together to promote positive behaviours and attitudes to sex and relationships, I am required to advise you that you do have the right to withdraw your son/daughter from the Sex Education lessons within the Life Studies syllabus, should you wish to do so. Please note that within the statutory guidance there is no right to withdraw from Relationships or Health Education lessons.

Within the programme for Year 11 Life Studies in 2023–24 the following lessons are designated as Sex Education:

Term 2 Lesson 1: Sexual Safety (Consent, Contraception & STIs)

Term 2 Lesson 2: Abusive relationships/behaviours and how to get help

Term 2 Lesson 3: Fertility challenges and the impact on mental health

In the event that any timetabled lessons are lost due to bank holidays or other school closures then some of these lessons may need to be merged.

I must inform you that as part of the statutory guidance, when a student reaches three terms before their 16th birthday, if they have been withdrawn from Sex Education by their parents, they are entitled to request that they can return to lessons. All students within the year group will have reached this point by the start of the academic year, therefore, in line with the school RSHE policy, any withdrawn student will be informed of their right to remain in these lessons if they choose.

Kindness

Inclusion

Respect

Excellence

If your son / daughter chooses to remain withdrawn from lessons, you will recognise the need to provide appropriate information about these topics at home. Alternative supervision arrangements will be made for any student withdrawn from these lessons and they will be given other Life Studies work to complete. **Please note that if you have previously withdrawn your child from Life Studies in the previous academic year an updated request is required each year.**

Should you wish to withdraw your child from Sex Education lessons, then please complete the online form located here: <https://forms.office.com/e/61V6ZSb0K1>

You can also access the form by scanning this QR code:

There is also a link to the form and more information about Relationships, Sex and Health Education available on the school website, including a copy of the school RSHE policy, the full Life Studies syllabus and example resources:
