Dear Parent / Carer

Curriculum Booklet for Parents

Please find attached to this email a booklet detailing the curriculum which your child will be following between now and the end of the current academic year. There are two additional booklets outlining our Life Studies programme and how British Values are taught across the curriculum.

We have produced these booklets to help you to plan study and revision with your child, as well as provide you with some ideas for further reading or extension activities.

Also attached is a reading list to support and enhance your child's learning.

Heads of Department are happy to receive any queries which you may have. Their names are detailed on the subject pages of the curriculum booklet. Email contact details for them can be found on the 'Contact Us > School Contacts' section of the school's website. If your query relates to the curriculum as a whole, please do not hesitate to contact me directly.

I trust that you will find these booklets helpful. Should you wish to receive paper copies, please contact the school office and we will produce these for you.

Yours sincerely

Jeremy Clifton
Deputy Headteacher
