## A Level Results Press Statement 15th August 2024

### Excellent Results for Woodbridge High School Students at A Level

Today, year 13 students at Woodbridge High School received their very well-deserved A Level and Level 3 vocational and technical (VTQ) results. The school is again very pleased to report some excellent achievements by students this year.

Aizah Allidina will be off to study Neuroscience at King's College London after gaining A\*, A, A. Aizah said, "Massive thankyou to Woodbridge staff for my journey from year 7 to year 13. I'm elated with my results and excited to go and study Neuroscience next year at Kings."

Victor Hallam achieved A, A, A grades in History, Maths and Music and will be off to the University of Bristol to study History. Victor said, "I am really pleased, it's exactly what I wanted. I am looking forward to studying History at Bristol!"

At Woodbridge this year, 26% of all A Levels were graded A\*-A and 55% were graded A\*-B. In vocational courses, 53% of students achieved a Distinction or Distinction\*. These results represent a significant achievement for the school.

Steven Hogan, Headteacher at Woodbridge High School, said: "Woodbridge students have once again achieved some outstanding results. They have been working hard for two years to achieve their well-deserved A Levels and VTQs. I am particularly pleased that so many of them have achieved the grades that they need to enable them to go on to study their chosen courses at universities across the country, or to take up apprenticeships in range of companies."

"Our results also show that the school's outstanding Sixth Form is providing excellent opportunities for students from the local area to excel in their chosen subjects, with one of the widest curriculum offers available locally. This year students have sat A Levels in subjects as wide-ranging as Design Technology, Music, Russian, German, History, Maths and Politics – to name just a few - as well as VTQs in Business, Health and Social Care and Sport."

"It was so lovely to see so many students beaming with pride as they collected their results today. Results days for me are never about percentages, but instead about celebrating the individual successes of each and every one of our students. I think what they have achieved is nothing short of amazing, and I am immensely proud of them. I wish them every success as they embark on the next stage of their lives."
